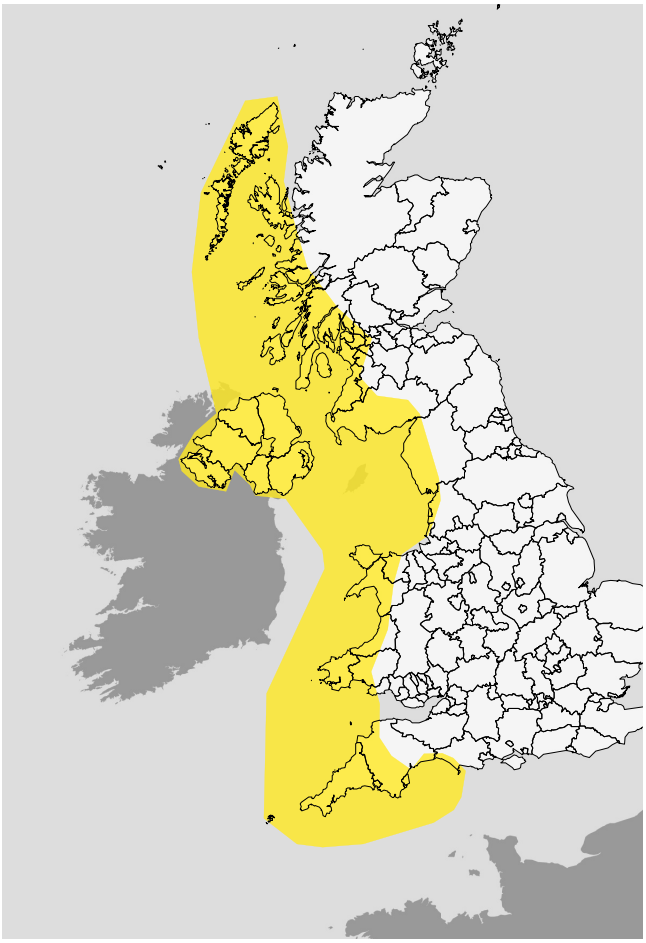
Wind

Between
06:00 Sat 31 Oct 2020 and
21:00 Sat 31 Oct 2020



Very strong winds may lead to some disruption on Saturday.

What to expect

- Some delays to road, rail, air and ferry transport are likely
- Probably some bus and train services affected, with some journeys taking longer
- Delays for high-sided vehicles on exposed routes and bridges likely
- Some short term loss of power and other services is possible

Further details

A belt of very strong and possibly squally southerly winds will develop on Saturday morning with gusts of 60-65 mph, perhaps 70 mph on exposed coasts and hills. The winds will become more westerly during the afternoon and gradually ease across England and Wales. However they will remain very strong across Scotland and Northern Ireland into the evening, with possible gusts around 75 mph across the Western Isles.
